DIST. SCHOOLS RECEIVE STATE AID ALLOTMENT

The June state aid payment to school districts were received this week by Will County Superintendent of Schools, Louis F. Bottino. For the whole county it amounted to \$37,453.87. This covers the regular state aid which amounts to \$22 a year per elementary pupil and \$7 a year per high school pupil. This is based on the average daily attendance in the school district during the previous year.

Mr. Bottino mailed the checks to the township treasurers who in turn allocated the money to the school districts in their township.

Among those in this area are:

Township	Amount
Joliet	\$16,233.72
Lockport	4,698.40
Homer	277.41
New Lenox	2,180.10
Frankfort	1,601.31

The above amounts include special aid for "poor" districts—those with large enrollments and low assessed valuations. This aid is in addition to the regular state aid.

CRASH WRECKS TWO CARS AND GASOLINE PUMP

An auto accident Sunday morning at 12:30 involved two cars and the Robinson gas station pumps in Mokena.

Jackie Hall, 17 stopped his 1933 car at Robinson's for gas, and when he tried to start it again the car would not start. He left it beside the gas pump and walked home about seven blocks to get his father, Willis Hall, to help him start his car. They returned at once to the gas station and to their surprise they found the Hall car wrecked.

During Jackie's absence, Walter Edwards, Mokena, drove up for gas in his 1948 car and before he could stop ran into the Hall car wrecking it badly and the gas pump as well. It is said Edwards was driving too fast.

Jackie had just spent many hours getting his car in nice running order. He did not have it insured.

Edwards figured in another accident several months ago when he ran into a Public Service pole at the old school house corner snapping it off.

Maue School to Hold Special Election

The directors of the Maue school district 138, of Cook county are giving notice of a special election which will give the residents of that district an opportunity to vote for an addition to be built to the school building now in use. This school which has been in a very overcrowded condition for some time has the largest attendance of any rural school in Cook county. Mrs. Helen Lembke teaches there and has pupils in each of the eight grades.

The election, which will be held Saturday, August 19 from 12 noon daylight saving time until 7 p. m., D.S.T. will present four propositions to be voted, the first, "Shall the directors be authorized to construct an addition to the school?" and second, "shall the directors be authorized to issue bonds to the amount of \$30,000, for the purpose of erecting this addition?"

The other two propositions would be first, to raise the present tax rate for the educational fund from .48825 per cent to .75 per cent, to provide sufficient funds to operate the school and second, to raise the tax rate for the building funds from .16275 per cent to .25 per cent, to allow sufficient funds to provide for the addition so needed.

The polling place will be the Maue school located at 179th street and 108th avenue, Orland township, in Cook county.

Voters Approved All School Issues at Election Last Sat.

The voters of four school districts approved of the propositions submitted to them by their directors in the elections held Saturday and they voted for them in an overwhelming majority.

In Mokena, district 159, the first proposition was to build additions to the building which would include two classrooms, showers and toilet rooms and a kitchen, to improve the acoustic properties of the auditorium and to install fluorescent lighting fixtures in the present school rooms to match those to be put into the new school rooms. The second proposition was to vote a bond issue of \$55,000 to provide funds for the first proposal.

The first proposition passed with a vote of 174 for and 15 against; the bond issue with 169 for and 14 against. 193 votes were cast but several ballots were spoiled by the voters using check marks instead of crosses to indicate their choice.

In Frankfort two propositions were involved: to increase the rate of taxation for building from .1875 to .25 per hundred, and to authorize a bond issue of \$10,000 to be used for alterations to the present school to provide more class room and a principal's office.

The first passed with a vote of 67 for and 11 against, and the second with 63 for and 14 against. Seventy nine persons voted but three ballots were spoiled.

The proposition to create a community high school district for the Bremen township non-high school area was voted on by residents of nine school districts, following Thornton's refusal to include Tinley Park in their district.

The election results were as follows: Arbor Park, district 145: 71 for, 46 against; Forest Ridge, district 142: 37 for, 22 against; Middlebrook, district 143: 115 for, 77 against; Posen district 143: 89 for, 6 against; Markham, district 144: 292 for, 22 against; Homewood, district 153: 23 for, 5 against; Hazelcrest, district 152: 45 for, 4 against; Tinley Park, district 146: 34 for, 99 against and Trailer camp, 9 for and 1 against, making a total of 716 for to 282 against.

The Kirby school in Orland township, district 140, joined with the Tinley Park, district 146, a year ago, but, dissatisfied with that arrangement, put the proposition to the voters to withdraw and go back to their former setup, reopening their school. With 91 votes cast Saturday they had almost 100 percent of the voters out. Five were accounted for when 3 were reported sick, two were away from the district. Eighty-nine voted for and 2 against.

Over the weekend guests of Mr. and Mrs. Frank Heisner were the latter's parents and brother and family, Mr. and Mrs. Lorea Radloff and Mr. and Mrs. Charles Radloff of Oshkosh, Wis. Saturday the Radloffs accompanied by Mrs. Heisner attended the Chicago fair.

Mr. and Mrs. Howard Osmus and family returned home Saturday after a two weeks vacation in St. Petersburg, Fla. with his parents, Mr. and Mrs. Art Worth.

Sunday Mr. and Mrs. Howard Osmus, Mr. and Mrs. Ted Bogdan, Mr. and Mrs. Paul Lambrecht, Mr. and Mrs. Ralph Neiland and Mr. and Mrs. William Kaminsky of Joliet motored to the Sand Dunes in Indiana to enjoy their club picnic. A potluck dinner was served by hostesses Mr. and Mrs. Paul Lambrecht and Mr. and Mrs. Ralph Neiland.

A potluck dinner was enjoyed by a group Sunday noon on the lawn of Mr. and Mrs. Lester Holl of Joliet. Guests were Mr. and Mrs. Harold Scheer and family, Mr. and Mrs. Burton Breidert, Mr. and Mrs. Orville Schroeder and family, Mr. and Mrs. Leocy Mager and family and Mr. and Mrs. Ralph Fehland and family of Monee.

Pre-Nuptial Tea
Miss Margaret Whitburn of Menomonee Falls, Wis., was the honored guest at a pre-nuptial tea given Thursday afternoon in the home of Mrs. Arthur Lambrecht in Frankfort.

The table was laid with a green linen cloth and centered with a low bowl of Marconi daisies. Mrs. Walter Harnack poured.

Among the 25 guests those from out of town were Mrs. Henry Stellwagen, Mrs. Michael O'Brien, Mrs. Harry Berst and Mrs. Arthur Hansen and daughters, all of Joliet; Mrs. Emma Adams of Brule, Neb.; and Mrs. Leo Whitcomb of Gas City, Ind.

Miss Whitburn and Dick Lambrecht, son of Mr. and Mrs. Arthur Lambrecht, have set their wedding for Saturday, September 2 in St. Paul's Evangelical and Reformed church at Menomonee Falls.

The Young Women's circle will meet on Thursday at 1:30 p.m. with Mrs. Clyde Weber.

The MYF are planning their annual outing for Sunday, July 30.

WCS Meeting
The Green Garden WCS met with Mrs. Arnold Lanaeck July 12, with Mrs. Alvin Wanner, president, in charge. Mrs. Elmer Dralle gave the devotionals using the scripture lesson from Hebrews 4:9-16. Songs were sung and with a prayer by Mrs. Dralle concluded the devotionals.

Mrs. Alfred Krapf presented the program, with talks by his guests, Kenneth Heisner, who recently returned from a trip to Washington, D.C. and a friend he met, while there, Ernest Mueller of Luxembourg, who is here on a six months visit to study agriculture as carried on in this country. Kenneth Heisner was awarded the trip east for outstanding work as a 4-H member. His guest told many interesting facts about his home country.

The reports of the secretary and treasurer were accepted as read. Roll call was answered by 23 members and two visitors were present. The primary department leader announced a picnic to be held in Gerdes woods, July 28, for the Sunday school children.

The WCS will have their picnic August 9 at the home of Mrs. Ches-the Steenberg. Pot luck dinner will be served at 12 o'clock noon. In case of rain the picnic will be held in the church basement. After the missionary lesson was given by Mrs. Edwin Dralle on "Hannah, mother of Samuel" the meeting was adjourned. Delicious refreshments were served by the hostess.

From where I sit... by Joe Marsh

Take Your Choice

Sitting around last Friday evening, the talk turned to the best way of getting to sleep when it seems you just can't. "The way I always do," says Sandy Johnson, "is to breathe deep and make believe I weigh a ton."

"Just throw away the pillow—it works every time," says Buzz Ellis. When counting sheep came up, right away was the question: What kind of sheep?

From where I sit, you could argue 'til Doomsday and never get complete agreement on a lot of things. Now, take me. I'm all for

having a glass of beer or ale on occasion. Your "sociable beverage" may be a "Coke"—or buttermilk or maybe a cup of hot coffee.

But enjoying our preferences is a right in this country and each of us is entitled to his own. The important thing is to respect that right in the true democratic spirit of understanding! As a matter of fact, what a tiresome old world this would be if we all did have the same likes and dislikes!

held on their lawn Sunday, July 16.
Pot luck dinner was served at one
o'clock, and the afternoon was spent
socially, with supper being served
in the evening. Group pictures
were taken by Marcel Halik and
Jack Glade. The youngest members
of the family present was Charlotte
Novak of Palos Park, and the old-
est member was Mrs. Frank Novak
of Chicago. Guests attending the
gathering were: Mr. and Mrs. Mar-
cell Halik and daughter, Mrs. John
Novak and son, Mr. and Mrs. Otto
Vanek, all of Cicero; Mr. and Mrs.
Jack Glade and daughter, and Mr.
and Mrs. Jerome Delaney and son

Steven, Jr., three years old.

The eleventh meeting of the New
Lenox Cardinals 4-H club was called
to order in the home of Margaret
Allen Tuesday night, July 18. The
secretary's and treasurer's reports
were given by Ann Archibald. A

report was given on the recent par-
ty given at the Owen Brothers
barn, where square dancing was en-
joyed. A demonstration on the
making of butter cookies was given
by Joan Ridgeway, which will again
be given at the 4-H Achievement
show at Farragut school in Joliet.
Margaret Allen gave a demonstra-
tion on how to sew on bias tape.
Ann Archibald and Cici Baers gave
a stunt "The Miraculous Wrest-
ling Match; Homical Hattie vs.
Monstrous Maggie." Refreshments
were served.

Mrs. Emanuel Wondrasek of New
Lenox was honored at the recent
tea held at the American Legion
hall in Manhattan recently. New
members of the Will County Home
Bureau were welcomed into the or-
ganization at the tea held in their
honor. High light of the afternoon
was when Mrs. Frank Goodwin of
Wilmington, chairman of the pro-
gram committee announced the win-
ners in the recent membership drive
which began in March and contin-
ued through May, was Mrs. Eman-
uel Wondrasek of New Lenox. For
signing up 11 new members, she re-
ceived first prize in the drive.

The annual picnic meeting of the
New Lenox-Frankfort 4-H club was
held at Jack Chestnut farm home
last week. After the meeting opened,
Mr. Fred Francis, club leader in-
troduced the five charter members
of the club who were present, and
then introduced some of the 4-H
club members in this vicinity which
won high awards in the County and
State competition last year. After
the meeting adjourned, Miss Dor-
thea Eisenbrand led the group in
recreation. The final event of the
evening was a welter roast.

The regular meeting of the New
Lenox Garden club will be held on
Thursday afternoon, August 3 at
the home of Mrs. Sheldon Hauck.
Mrs. Dean Bright and Mrs. William
Becker will be co-hostesses. Mrs.
Mildred Houchin will be the speaker
for the afternoon and will demon-
strate flower arrangements for the
flower show.

Mr. and Mrs. Dean Bright are
enjoying a two weeks vacation in
Northern Wisconsin.

small combine investment.

Our School Problem

(Continued from last week)

Considerations in Annexation to the Joliet Township High School and Junior College District
Tax Rates and Other Financial Facts:

The district boundaries of the Joliet Township High School and Junior College coincide with the boundaries of Joliet Township, comprising an area of 36 square miles. The district has a 1949 assessed valuation of \$178,040,287.00 and a tax rate of 76 cents. This rate has the following break-down:

Educational rate 6719
Building rate 056
Building bond rate 0207
Illinois Municipal Retirement Fund rate 0118
Total 7604

The indebtedness of the district is \$310,000.00, of which \$250,000.00 are bonds for the recently completed

relighting program, payable 1952-56. The remaining \$60,000.00 in bonds is scheduled for retirement in 1950 and 1951.

Approximate operating expenditures and revenue sources of the district for the 1949-50 school year are indicated below:
Educational fund expenditures
From tax sources \$1,000,000.00
From all other sources 265,000.00
Total \$1,265,000.00
Building fund expenditures (including bond retirement)
From tax sources 140,000.00
Of the total educational fund expenditures, approximately 10% is committed to the operation of the junior college. The per capita cost of educating all high school and junior college students in 1948-49 was \$316.00.

Board of Education and Staff
The Board of Education is composed of five members elected at large. The teaching staff numbers 162, including teachers, administrators, and staff specialists. The

school district employs 44 on its maintenance staff, 23 clerks, and 30 cafeteria workers.

Enrollments
The student enrollment for the 1949-50 school year in regular day school classes is:
High school: grade 9, 742; 10, 698; 11, 569; 12, 480. Total 2489.
Junior college, grade 13, 298; 14, 154. Total 452. Grand total day school, 2941.
Adult and evening classes, Term 1, 1009; term 2, 1016. Total, 2025.
Summer school 1949, 580. Grand total all enrollments, 5546.
Many Non-High school students attend Joliet Township high school and junior college.
Of the 2489 high school students, 273 come from the surrounding non-high school territory, and 59 of the 452 junior college students are non residents. Of all of the high school students who reside in the non-high school territory of Will County, three-fifths attended the Joliet Township High School this year.

Broad Educational Offerings at High School and College Levels

The course of study follows: High School. Subject—Total Units Offered
Agriculture 4
Art 7
Business Education 14
English (incl. speech, radio journalism) 11
Foreign Language 4-8
Homemaking 6
Mathematics 5
Music 7
Physical Education 4 yrs
R.O.T.C. 4 yrs
Science 11
Shop, Industrial & Vocational 27
Social Science 5

It is obvious from the above list that a student has a much greater possibility of finding training along the lines of his unique capacity in a large high school.

Junior College: Pre-professional or terminal education are offered in the following fields tuition-free to all who are within the district.

Business 2 years, Chemistry and Chemical Engineering, Pre-Commerce, Pre-Dental, Merchandising, 1 or 2 years, Pre-Education, Electrical Engineering, Civil Engineering, Pre-Professional Home Economics, Home Economics-Secretarial, Pre-Journalism, Pre-Legal; Liberal Arts and Sciences, Pre-Medical Music, Pre-Nursing, Pre-Physical Education, One-year Secretarial, Vocational-Auto Mechanics, Machine Shop, Drafting, Wood Shop.

The opportunity which residents of the Joliet Township High School District have in attending a tuition-free junior college cannot be emphasized too much. This privilege would, of course, be extended to all territories which at any time become a part of the district.

Building Problems
In planning for the future, a report made in 1949 by Prof. William C. Reavis, Department of Education University of Chicago, indicates that for the present, plant rehabilitation and rounding out constitute the major building problems. Major problems, according to the report are:

1. Replacement of outmoded facilities for vocational education
2. Expansion of the site to supply adequate acreage to protect the present building and provide campus space needed for the present and foreseeable enrollment.
3. Replacement and modernization of the heating system.
4. Expansion of the facilities for physical education to provide for adequate storage and dressing areas rooms for remedial and corrective programs and a swimming pool.
5. Remodeling of chemistry laboratories.
6. Remodeling of homemaking laboratories.
7. Extension of library facilities and services.

Although other recommendations are included in the report, those mentioned above are the ones which might involve the larger outlays of funds. However, it is evi-

WHO WANTS TO WAIT 'TIL THEY'RE UNLOADED?—These youthful residents of Mooseheart, Ill., the "Child City" operated by the Loyal Order of Moose, didn't believe in wasting time when a truck-load of watermelons arrived from a Southland lodge. They climbed aboard and cut themselves a slice even before the truck stopped.

dent that no major program of building expansion is contemplated in this recent study of the local school housing situation.

Enrollment Trends
A survey of all current grade school enrollments in the district yields the following statistics:
Grade 1, 1460; 2, 1455; 3, 1150; 4, 1031; 5, 1062; 6, 1082; 7, 1053; 8, 972. Total 9265.

The Joliet elementary and high schools are separate districts. Elementary school enrollments are being listed so that estimates of future high school enrollments can be made.

Of the 9265 elementary students, 58% are in the public elementary schools. Sixty-one per cent of the eighth graders are public school enrollees, while 55% of the pupils of first grade age are in public schools.

Total high school enrollments in the district are: Grade 9, 938; 10, 871; 11, 709; 12, 620. Total 3138.

Seventy-nine per cent of the total secondary school enrollments are in the public high school, and 79% of the youth of ninth-grade age attending high school are enrolled in the public high school.

Harvey Bank Tells Of Business Peaks

In a semi-annual report to the shareholders of Harvey Federal Savings and Loan Association, Harvey Foss P. Miller, chairman of the board, reported a number of all-time peaks for forty continuous years of the Association's existence. Assets increased to \$6,640,652.49, a gain in the last six months of \$470,991.09, and are at an all-time high.

Chief item in the asset column of the semi-annual statement are the mortgage loans which totaled \$5,401,432.99, which compares with \$5-

016,327.77 on December 31, 1949, or a net increase of \$385,105.22. The number of borrowing families increased from 1,452 at the close of December, 1949 to 1,532, or a net gain of 80. The increase in mortgage loan balances was due to a very active six months of lending on homes, 185 new loans being made for a total of \$957,406.38. This lending record is a new high since 1946.

Other major balance sheet items are the cash and government bond accounts, which total \$1,107,739.99, up \$79,160.26 from the figures of December 31.

Savings and investment accounts reached an all-time high of \$5,673,210.40 at the close of June, which compares with 5,316,086.71 six months ago, or a net gain of \$357,123.69. The gain for the first six months of 1950 exceeded that of all the year of 1949 when savings increased in that year by \$200,403.47. This net increase was the highest for the postwar years and was exceeded only in the war years of 1944 and 1945 when savings by the public in general was heavier due to the fact that consumer and durable goods of all sorts could not be bought because of the war. The surplus, reserves and undivided profits at the close of June

reached a new record total of \$365,538.17, which represents an increase in the fiscal six months period of \$30,999.71.

What a stepper!

Just hint to the gas pedal and she steps out like no other low-priced car. And that's true whether you're driving a Ford V-8 or "Six". But this high-stepper is a low spender when it comes to costs. You can own a V-8, for example, for hundreds less than most "Sixes"—and a Ford "Six" for even less.

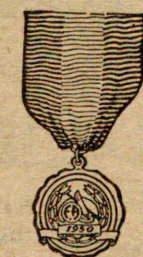

What a stopper!

This '50 Ford actually helps you apply the brakes. They're 35% easier-acting King-Size Brakes that use car momentum to help you stop. Like Ford's extra-rugged "Lifeguard" body, they give you the kind of protection you'd expect only of costliest cars. And for added safety and comfort, you ride low and level in the "Mid Ship" section of the car, between the wheels—not over them. You're cradled in comfort on "Hydra-Coil" front springs and "Para-Flex" rear springs that give a road-hugging smoothness truly amazing.

What a looker!

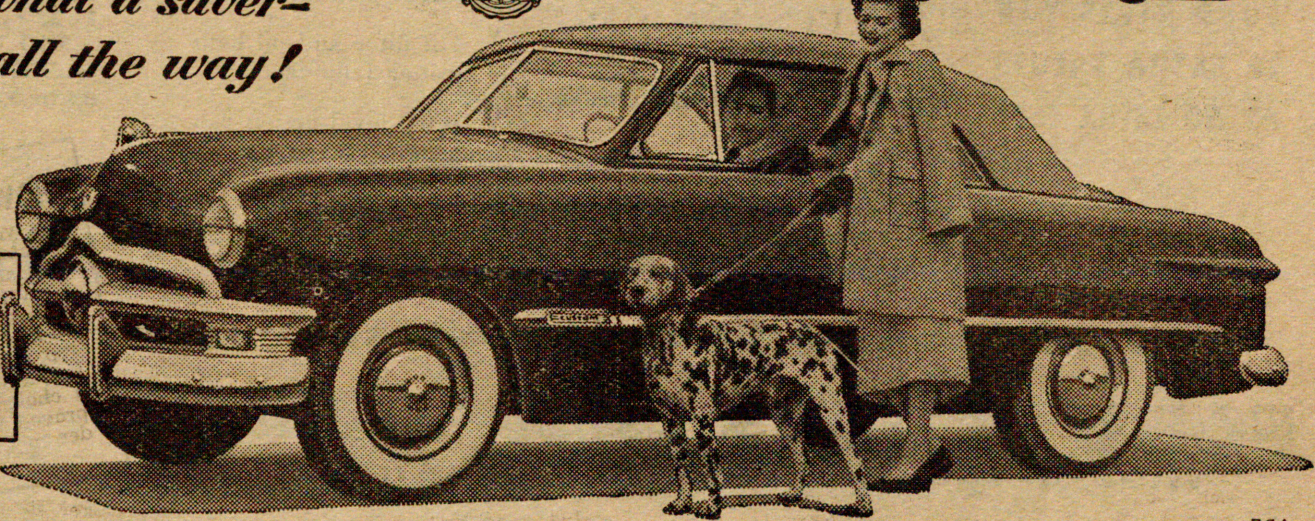

Yes, again in '50, Ford received the Fashion Academy Gold Medal as "Fashion Car of the Year." And Ford's stay good looking because their baked-on finish is "made to live outdoors." That means high resale value which, together with Ford's low running costs, puts Ford further out front as America's savingest car.

HE DIDN'T GET AWAY—On a whopper that didn't join the fabled ranks of those that got away was this 535-pound tuna, landed by Joe Deveraux off Freepor L. I. Joe, mate on a chartered fishing boat, tossed a line overboard after enviously eying the sport of his paying passengers. Minutes later, he proved the odds are with the house.

\$64 QUESTION—Even expert veterinarians were stumped when Arthur Thorne asked them to identify this newcomer to his stables in Pontiac, Mich. The product of an ass and a palomino stallion, the animal weighs 45 pounds and is about the size of a small colt. Resembling neither horse nor mule, the creature may be the first of its kind.

CHICK AHOY!—Nancy Olson, a chic chick clad in an abbreviated slicker, is shown after she completed her latest movie, co-starring with Gloria Swanson, Bill Holden and others. Aside from looking nautical but nice, Miss Olson is hailed as a promising actress in her own right.

Ill. Land Prices Remain Strong

You've probably heard some people say that land prices have hit the top and are now on the way down.

C. L. Stewart, land economist at the University of Illinois College of Agriculture, says that, although this may be the picture for the country as a whole, there is no widespread downward trend in land prices in Illinois. He bases his statement on recent information made available by the USDA on studies made by himself and other Illinois agricultural economists.

The peak in farm land prices in

the United States was reached in November 1948, says Stewart, when the average price was around \$72 an acre. Since that time the national average has dropped until it is slightly under the old 1920 peak of \$69 an acre.

In Illinois, however, there has been no definite land price peak since 1920. In contrast with the national picture, Illinois land prices have been rising since 1933, and there is little evidence that the upward trend has stopped. Since November, 1948, there has been a drop of \$3.50 an acre in the national average price of land. But Illinois as a whole has shown an increase of about \$8 an acre.

Stewart says that in spite of fast-rising land prices during the past ten years, the net incomes of Illinois farmers kept well ahead of this rise through 1948. And net returns since then, though not so high as in previous years, have still acted as a spur to some further land price advances this year.

To top it off, Stewart points out, in the last six months there has been a feeling of optimism among businessmen and farmers which has helped to keep the price of land at a high level.

Taking both good and bad Illinois farm land into consideration, Stewart estimates the present average price to be around \$190 an acre, including buildings. This makes the average sized farm worth around \$31,000, or \$6000 more than in the early '20's. He says the major reason for this increase in value is that the average farm is now probably more than one-fifth larger than in 1920.

Farmers Urged To Test Their Soil

Over 2000 farmers in Will county would find it profitable to have their soil tested on each and every field before applying limestone phosphate, potash, or any plant foods.

Several hundred have already had a complete soil test made through the Farm Bureau soil testing laboratory in Joliet, and most of the folks have been much surprised when the results were obtained. They soon proved to themselves that it pays to test, and not guess, before applying any fertilizers.

Very little soil is being brought to the laboratory for testing at the present time because of the summer rush of work, but any who could find time to bring soil in for testing could secure fast results.

Farmers who desire to pick up their own samples should secure directions for doing this from the

laboratory, as well as information history sheets for each field, and sacks for use in bringing in the soil.

For those who cannot possibly find time to pick up their own samples, a soil pick-up service is available for a small nominal fee.

The laboratory always has more than it can do in September around wheat seeding time, so those who desire results before ordering their plant food needs for the fall would do well by having their soil tested now.

Cook Co. Court Acts On Many Complaints

County Judge Edmund K. Jarecki disclosed recently that during the past year 25 complaints were filed in county court for violations of the medical, dental and barber practice acts.

Of this number, 13 of the medical violators, 9 of the dental act and one of the barber act were convicted and given fines or small jail sentences. Two cases remain on the court docket.

Complaints of these types are brought in behalf of the people of the state board of registration and education whose agents are constantly in the field trying to rid the community of the menace.

"When these complaints are filed every effort is made to bring the accused to trial as speedy as possible," Judge Jarecki said. "It is to the detriment of the public to let these so-called quacks prey on the citizenry."

An efficiency survey is being made to determine how the County Clerk's office can give the public improved service, County Clerk Richard J. Daley said today.

The survey has been underway

several weeks and is expected to be completed soon.

"I have had no complaints about the office or employees," Daley said. "It is just that I believe it is a good business practice to have your business operations checked occasionally by an outsider."

"The survey may show how we can better serve the public, which, after all, is our job."

A similar check of all City of Chicago offices recently was ordered.

Illinois TAX FACTS

By George L. Mahin, Executive Secretary
Taxpayers' Federation of Illinois

Billions for defense, but not a penny for extravagance.

Paul Douglas, U. S. Senator from Illinois and Marine veteran of World War II, certainly wants as many dollars spent as necessary for the best possible planes, tanks, ships, guns and other weapons, so that not one drop of American blood is shed in Korea or anywhere else that could be prevented.

The Taxpayers' Federation of Illinois sees eye-to-eye with Senator Douglas and other patriotic Americans on this. The membership of the Taxpayers' Federation is made up of a cross-section of Americans, many of them veterans of World Wars I and II. Just like all other veterans with overseas service, the executive secretary and other members of the Federation staff serving in World War II want to be sure that the Communies aren't there "fustest with the mostest."

Senator Douglas is fighting right now in the United States Senate against governmental feather-bedding, pork barrel projects and other waste because, as he says, "every unnecessary cent the government spends now diminishes what we can spend on defense without making the deficit greater."

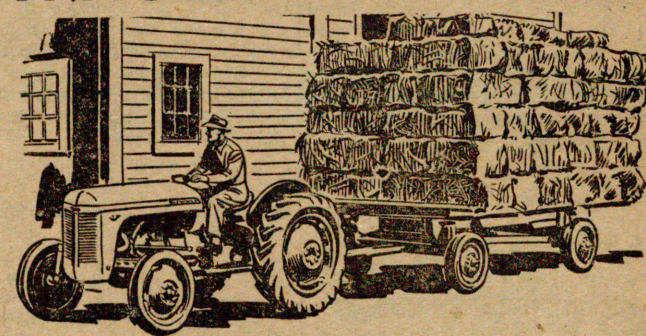

If you agree with the principle of billions for defense—to the extent necessary—but not one penny for extravagance, let Senator Douglas know that you're back of him in his fight. And, when you go to the polls at the November election, it is your duty to yourself and your country to know how each candidate for the United States Senate and House of Representatives, regardless of party, stands on this principal; what he has done or will be done to eliminate governmental feather-bedding, pork barrel projects (these are not all in other states . . . there are some in Illinois too), and the costly duplication and inefficiency disclosed by the Hoover Commission report.

In determining your attitude toward candidates for local offices and for the Illinois General Assembly from your district, you should know how they also stand on this principle of "not one penny for extravagance." Another guide is how they stand on the question of indirect or hidden taxes. On the theory of "plucking the goose with the least possible squawk," some public officials favor hidden taxes levied against manufacturers or retailers and others, which you, when you buy the product as a consumer, actually pay in the price of the product . . . but you don't know it. The Taxpayers' Federation believes as a matter of principle that a tax should be direct and out in the open, so that you know you're paying it and how much you're paying.

That's a major reason why such dangerous and bad legislation is giving cities authority to license

any business, industry, or profession for the purpose of raising revenue to fertilist?ftta ET ETAO ET enue for cities was killed in the recent sessions of the General Assembly, with the help of the Taxpayers' Federation. This proposal, and others for indirect or hidden taxing power will be up again at the regular session in 1951.

THE FERGUSON TRACTOR -- WAGON

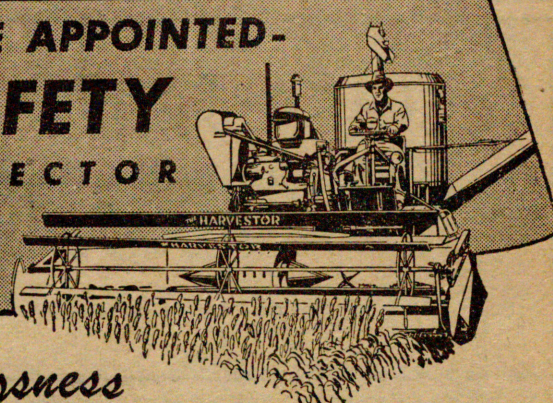

To meet the requirements of tractor power, the Ferguson Tractor-Wagon, with increased load limits, variable adjustments and short turning radius was designed to be as flexible, powerful and adaptable as modern farm power. Tapered Roller Bearings . . in all wheels for free rolling and long service.

SPEED . . . Not only does it handle that 3-ton weight satisfactorily under all types of field conditions, but where hard-surfaced roads are available, the Ferguson Tractor-Wagon can be attached to your truck or car and haul those loads at speeds up to 30 miles per hour—running as true as the most expertly designed auto trailer.

YOU'RE APPOINTED— SAFETY DIRECTOR

Carelessness CAUSES ACCIDENTS

Every factor for safety is considered in designing MM Modern Tractors, Machines, and Power Units but modern high speed farm machinery must have chains, sprockets, cutting devices and revolving shafts to do the job for which it is designed. It can be safe to work around, if the operator uses judgment and care. Accidents cause too much suffering, loss of time and money. Do your part to prevent them by always thinking of your own safety and the safety of others.

USE THE WANT ADS
AND GET RESULTS

"This is
an
emergency!"

"Operator! Please help me!"

Illinois Bell telephone operators get many such urgent appeals for aid. In Chicago alone, people in distress call the operator for help more than 1,000 times a week—every ten minutes of the day and night!

An accident in the home . . . a sudden illness . . . perhaps some other emergency. When trouble strikes, many people turn automatically to the telephone operator—their only link to the outside.

Through training and instinct, the operator acts fast in emergencies. Many times her speed and initiative have meant the difference between life and death.

It's comforting to know she is always within arm's reach when you need her—not only with operator service, but with dial service, too. Her reassuring voice will answer whenever you dial "operator."

Your everyday, practical use of the telephone makes every hello "a good buy." And when you consider the priceless help of the operator in time of peril, you begin to realize how really valuable your telephone service is.

If you're wondering whether it pays to grind corn for your hogs, here's the answer.
Dick Carlisle, livestock specialist in the Illinois College of Agriculture, today explained that pigs under 150 pounds chew their food as well that you'll seldom save enough feed by grinding to pay for the cost of the grinding.

NOTICE OF SPECIAL ELECTION

Notice is hereby given that on Saturday, the 19th day of August, 1950, an election will be held in and for School District No. 138, Cook County, Illinois, for the purpose of submitting to the voters of said School District the following propositions:

1. Shall the School Directors of School District No. 138, Cook County, Illinois, be authorized to construct an addition to the existing school house of this School District now in use for school purposes and known as the Maue school?
2. Shall the School Directors of School District No. 138, Cook County, Illinois, be authorized to

issue bonds of said School District in the amount of THIRTY THOUSAND DOLLARS (\$30,000.00) for the purpose of constructing an addition to the existing school house of this School District now in use for school purposes and known as the Maue School, said bonds to be of the denomination of ONE THOUSAND DOLLARS (\$1,000.00) each, numbered from 1 to 30, inclusive, to bear interest at the rate of three per cent (3%) per annum, payable December 1, 1951, and semi-annually thereafter on June 1st and December 1st of each year, to become due and payable December 1, 1968. TWENTY SEVEN THOUSAND DOLLARS (\$27,000.00) of said bonds to be redeemable at par and accrued interest, prior to their maturity, in the order in which they are numbered, \$1,000.00 on December 1st of each of the year 1952 to 1956, inclusive, \$2,000.00 on December 1st of each of the years 1957 to 1967, inclusive, or on any interest payment date after said respective dates?

For the purpose of said special election, said School District will constitute one election precinct, the boundaries of which will be co-extensive with the boundaries of said School District No. 138, and the polling place therefor will be the Maue School House located at 179th Street and 108th Avenue, Orland Township, Cook County, Illinois.
The polls of said election will be open at 12 o'clock noon and closed at 7 o'clock P. M., on said day. (Daylight Saving Time).
DATED at Orland Township, Cook County, Illinois this 20th day of July, 1950.
WILLIAM BERNARD,
President of the School Directors of District No. 138, County of Cook and State of Illinois.
CHARLES ERICKSON,
Clerk of the School Directors of District No. 138, County of Cook and State of Illinois.
